Polyglass® USA Appoints Amir Khan Vice President of Research & Development

(Fernley, NV) — Polyglass USA, the innovator of ADESO® self-adhesive technology, is pleased to announce the appointment of Amir Khan as the company's new Vice President of Research and Development. In this role Khan will assume responsibility for overseeing Research and Development, Quality Control and Technical Services for Polyglass USA.

Khan, who has over 12 years of experience in the roofing and building materials industry, has a strong background in quality assurance and quality control as well as in revolutionary product design. Khan is a graduate from the University of Maryland and has earned bachelor's degrees in Chemistry and Chemical Engineering. He completed his graduate work in Chemistry from Lamar University in Texas.

"Amir brings a very strong history of innovation and design and success in the roofing industry to Polyglass USA," stated Andy Hastings, chief operating officer for Polyglass USA. "As we continue to lead the industry in revolutionary innovations such as our ADESO technology, we believe that Amir's kind of leadership is critical. His commitment to evolving the roofing industry will help Polyglass remain on the cutting-edge of product development."

"I am extremely excited about joining the Polyglass team. While Polyglass offers commodity products, they are always one step ahead because of their desire to be on the forefront of design. Their focus on the future of the roofing industry never wavers," stated Khan. "Polyglass also has an unmatched commitment to the industry as they strive to pave the way with their continued efforts to offer leading products to the roofing industry."

Polyglass operates worldwide with headquarters in Italy and operations in Central and Northern Europe, the Mediterranean, Eastern Europe, the Arabian Gulf, Southeast Asia, North America, Africa, Oceania and has three plants in the United States. Polyglass *Adds Value* worldwide. For more information about Polyglass, visit www.polyglass.com or call 800.222.9782.
