Hastings becomes Chief Operating Officer of Polyglass

(Fernley, NV) — Polyglass USA, the innovator of ADESO technology, is pleased to announce the appointment of Andy Hastings as COO of the company. In this role Hastings will assume responsibility for the day-to-day operations of the business and the strategic direction of the company.

Hastings, who has over 25 years of experience in the roofing and building materials industry, has held several senior executive positions with Henry Company. Most recently Hastings was President/CEO of Padua, a consulting company specializing in business turnaround and business development. Over the last 25 years Hastings has built a successful track record improving shareholder value by leveraging his expertise in strategic development, operations, fiscal management and building strong organizations.

“Andy Hastings brings a very strong history of leadership and success in the roofing industry to Polyglass USA,” stated Natalino Zanchetta, president of Polyglass USA. “As we continue to lead the movement in self-adhesive membranes with the ADESO technology, we believe that this kind of leadership is critical. Andy’s commitment to evolving the roofing industry will help propel Polyglass to the next level.”

“I am honored to be a part of Polyglass. Their focus on the future of the roofing industry never wavers,” noted Hastings. “The growth of self adhesives is obvious and the use of ADESO Technology is leading the industry in this new growth market. Polyglass’ innovation and history are going to continue to play a major role in modified bitumen products and the roofing industry as a whole.”

Polyglass operates worldwide with headquarters in Italy and operations in Central and Northern Europe, the Mediterranean, Eastern Europe, the Arabian Gulf, Southeast Asia, North America, Africa, Oceania and has two plants in the United States. Polyglass *Adds Value* worldwide. For more information about Polyglass, visit www.polyglass.com or call 800.222.9782.
