### **Polyglass USA Introduces its Corporate Brochure**

(Fernley, NV) – Polyglass® USA, a leading manufacturer of modified bitumen roofing products, introduces its new bilingual corporate brochure. The brochure, written in both English and Spanish, is an extensive communication tool that highlights the specifics of Polyglass - the company, its innovations, product range, customer care, as well as its quality standards and code approvals.

This full-size, colorful and informative brochure is a unique resource that provides a brief introduction to the company and the many benefits Polyglass' superior products and customer service provides.

While highlighting innovation and technology, Polyglass' corporate brochure discusses its most recent product technology, ADESO® Technology. This revolutionary manufacturing process utilizes a "true" APP, SBS or TPO formulation on the top weathering side and an aggressive self-adhering formulation on the under side, creating a superior roofing product that offers long-term protection.

This informative brochure also describes Polyglass' commitment to high quality standards and code approvals. Polyglass has an ongoing code approval system and product compliance testing program and its products are widely tested and approved in accordance with the requirements of ASTM. Testing is carried out at various and established testing facilities located throughout the country.

Polyglass manufactures a vast array of product types, materials and roofing systems including SA self-adhesive membranes and underlayments utilizing ADESO® Technology. These revolutionary products eliminate the need for dangerous mops and torches on the rooftop, making installations faster, safer and easier than ever before.

Polyglass operates worldwide with headquarters in Italy and operations in Central and Northern Europe, the Mediterranean, Eastern Europe, the Arabian Gulf, Southeast Asia, North America,

Africa, Oceania and the United States. Polyglass *Adds Value* worldwide. For more information about Polyglass and all of its premium products, visit [www.polyglass.com](http://www.polyglass.com) or call 800.222.9782.
